

Weekend Packages

Relax and treat yourself with Shanti Relaxation Retreat Weekend Packages and take in the scenery while exploring the 22 acres of land that the retreat is nestled in, back boundary is boarded by the creek which leads to a gully and rock walls. Watch out for the illusive wombat that likes to leave his calling cards, but is rarely seen.

Simply just enjoy the natural sounds of the bush, birds, breeze or sometimes just the silence and Shanti's relaxation treatments.
